

CLEANING DISINFECTANT SUPPLIES ARE NEEDED

Cleaning disinfectant supplies are needed. Once we are told we can open our church doors, but before anyone can enter, the Sanctuary, Chapel, church office, Fellowship Hall, kitchen, hallways, and bathrooms, every room will have to be thoroughly cleaned and disinfected.

We are reaching out to you, our church family members, to help us by donating some of the supplies that are needed: disinfecting wipes, all-purpose surface cleaner, toilet bowl cleaners, paper towels, or any other cleaning item you think we may need.

We know at this time some items are hard to come by and you also need these items in your own home, but whatever you can spare and donate to our church will be greatly appreciated. There will be a covered tote by the door leading into the chapel side of the building where all items can be placed. If you have any questions please email Nancy -- nef424@gmail.com or Jennifer -- bellmad1@aol.com

Let us keep praying to our Lord to keep us strong and well as we wait to sit in church and worship once again with our church family.
